

## **Message from Management**

---

With fall approaching, and winter just around the corner, I encourage you to explore the possibilities within the new facility. Try a program at the centre, develop a new friendship over coffee in the new mezzanine, or celebrate at one of the many events. There are so many wonderful and unique opportunities available at your Winakwa Community Centre, I encourage you to take part in as many as possible!

Winakwa is a gathering place, where everyone is welcome and feels at home. Staff, volunteers and facility users work together to provide programs and services that reflect the diversity and demographics of our community.

Winakwa Community Centre is not only an additional benefit to the kids, the new facility is going to present value to the district and the community.

Dino Moran  
Facility Manager
